

EnduraCoat Aqueous Coatings

Low-VOC aqueous coatings for a more eco-friendly laminating solution.

EnduraCoat liquid laminates are low in VOC's and are specially formulated for applications such as fleet graphics; giclée prints on canvas; signs and banners or digitally printed wall coverings.

While these coatings are meant to be used with AFC liquid coaters, they can also be applied by hand with a roller, paint pad, airless sprayer or brush. A manual application guide is available on the Drytac® website at www.drytac.com. Contact your local sales representative to discuss your particular application. Products marked with an asterisk (*) are outdoor durable. See www.drytac.com for full technical information.

DRYTAC
EXPERTS IN FINISHING SOLUTIONS

Name	Product Code	Description
Intego Gloss	ECWB-IG	Low cost coatings designed for hand-applied/mop on applications. Super fast drying and virtually odor free. Outdoor durable for up to 3 years. Can also be used in AFC flood coaters. Gloss: 80 to 90 units gloss. Matte: 20 to 30 units gloss.
Intego Matte	ECWB-IM
